Monday 3 P.M.

My Dear Edith and family -  
we have been waiting  
to hear from you and as we  
do not hear I will write and  
send this to your old address  
as suppose you have moved.

I had a <sup>Christmas</sup> ~~letter~~ card last  
week from Mrs Sherwin asking  
if you had moved! and saying  
she had been to visit you  
in October, I think you might  
have brought her up to see  
us. Anna made this handker-  
chief for you and I am sending  
you the cards, we were so sorry  
Johnie was not at home.

wish we had something to  
send to the girls.

Anna got four packages in  
the mail this A.M. and I got

one, we all have colds  
J. is pretty well over his now,  
but Ahma is most sick  
but she is so worn out with  
making and getting her Christmas  
things off, and then going every night  
but three to the <sup>evangelistic</sup> services  
out here <sup>they lasted for 3 weeks</sup> which closed last night.  
My cold is mostly hoarseness with a  
sore throat. If it only would rain  
it would be so much more healthy  
we washed this A. M. and Ahma is  
packing oranges now J. is going to the  
stores on our way to the market tomo-  
row morning if he does not sell what  
little he has to take in before he gets  
to the market, then he is going on in  
to the dentist as he broke off his  
front pivot tooth, he is only going to  
take two boxes of oranges the first  
ones this winter (navels)  
we made a batch of orange  
marmalade to sell that week,  
How do you like your new place  
and how are all of you, and  
have you heard from Hattie or Jack.  
I must close or will not get  
this in the mail, with Love Ella.
